

'L' System Slow Zone Map

June 30, 2015

Notes

Overall system slow zones in June 2015 were 8.2% for the month, a slight decrease from 8.6% in May 2015 as crews continue track improvement work. We removed slow zones as a result of track renewal work on portions of the Red and Purple Express lines, while a large portion of slow zones were removed from the Brown Line between the Armitage and Sedgwick stations, as a result of progress being made on the Ravenswood Connector Rehabilitation project. Slow zones were added to portions of the northern Red Line due to track conditions.
