How to read this report

This report shows many customers use the CTA rail system. The report has two sections: Ridership by Branch, and Ridership by Entrance.

How are customers counted?

A customer is counted each time he or she passes through a turnstile to enter a station. Customers are not counted when they make a free transfer from one rail line to another, since they don't pass through a turnstile. Nor are customers counted when they leave a station, even if they leave through a turnstile.

Some CTA stations serve more than one line. The report does not show the number of customers boarding each line at such stations, simply the total number of customers who entered the station. For example, even though Howard station is reported as part of the Red Line, customers also enter at Howard to ride the Purple and Yellow Lines. The report shows the number of customers who entered at Howard but does not distinguish which lines they boarded.

Ridership by Branch

The CTA system consists of several branches. Ridership on each branch is reported in this section. Some branches, such as the Congress Branch, are part of a particular line (Blue Line, in this case). Other branches, such as the Loop, are part of multiple lines.

Ridership by Entrance

Ridership at each station is shown in this section. For stations with more than one entrance, the entrances are reported individually along with the station total.

How do I compare this year to last year?

When comparing one year to another, it is best to use the weekday, Saturday, and Sunday averages rather than the monthly totals. The monthly totals are affected by the number of weekdays, Saturdays, and Sundays in the month, which can vary from year to year. For example, September 2000 and 1999 had the following breakdown of days:

	1999	2000
Weekdays	21	20
Saturdays	4	5
Sundays	5	5

Note that September of 1999 had one more weekday than September 2000 and one fewer Saturday. Since weekdays typically have much higher ridership than Saturdays, September 1999 would have a higher monthly ridership than September 2000, all other things being equal. Averaging corrects for this problem.

What if I want to compare past years?

The CTA produces two reports with historic rail ridership:

Weekday Traffic Trends shows average weekday ridership for each station for each year going back to 1976.

Annual Rail Traffic shows total annual ridership for each station for each year going back to 1979. (The years 1979-1998 are in report PSP-x99026. 1986-1999 are in report PSP-x00031.)

To obtain copies of these reports contact:

Freedom of Information Officer

Chicago Transit Authority
Merchandise Mart Plaza
P.O. Box 3555
Chicago, IL 60654

Phone: (312) 664-7200, ext. 3505

Fax: (312) 664-8936

Holidays

The following holidays are reported as Sundays:

- New Year's Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day

All other holidays are reported as the type of day they fall on.

Why does it appear that there is ridership on the Douglas Branch on Saturday? Isn't it closed?

Although the Douglas Branch is closed on weekends, the Friday service extends past midnight. Those customers who enter a station after midnight on Friday (that is, on Saturday) are reported as Saturday entries.

September 2001 Notes

The following factors influenced September 2001 ridership.

Terrorist Attacks

The September 11 terrorist attacks caused decreased ridership, particularly at Midway Airport ☺ and O'Hare Airport ☺.

New Full Time Entrances

In June 2000, several CTA entrances that had been closed during evenings and/or weekends were opened for 24-hour a day, seven-day a week service. For this reason, you will see a large increase in ridership over the previous year. You may also see decreases in ridership at other entrances to the same station as some people find the newly opened entrances more convenient. The entrances are:

Loop Elevated

Madison/Wabash
LaSalle/Van Buren
Washington/Wells ☺
203 N. LaSalle ☺

Red Line

Washington-Madison
Monroe-Adams
Harrison

Blue Line

Chicago
Washington-Madison
Monroe-Adams
Jackson-Van Buren
LaSalle
Peoria
Loomis

Central – Purple Line

A Northwestern football game at home vs. Michigan State on September 29, 2001 led to increased Saturday ridership at Central.

Conservatory ☺ – Green Line

The Conservatory station ☺ on the Green Line opened on June 30, 2001. The station has four entrances: inbound and outbound entrances at Conservatory Drive ☺, and inbound and outbound entrances at Central Park. The entrances at Conservatory Drive ☺ are ADA-accessible to customers with disabilities. The Central Park entrances have automated high-barrier entry/exit gate turnstiles.

Lake ☺ and Washington ☺ – Red Line

Lake ☺ and Washington ☺ stations on the Red Line used to be reported as one station, Washington ☺. Beginning in January 2001, we are reporting these two stations separately. This affects comparisons to 2000 in several ways:

Randolph-Washington Entrance ☺ has been split into two sub-entrances – a North entrance and a South entrance. The North entrance serves the Lake station ☺ and the South entrance serves the Washington station ☺. You will notice a large drop in ridership at the South entrance because it is being compared to the combined North and South entrances from 2000.

Washington Station ☺ shows a loss in ridership because some ridership is now being reported at the Lake station ☺.

Lake Station ☺, on the other hand, shows an increase in ridership because it has gained the ridership that used to be reported at the Washington station ☺.

To make a meaningful comparison, ridership at Lake ☺ and Washington ☺ stations should be added together and compared to the combined total from 2000.

UIC-Halsted 𠄎 – Blue Line

The Halsted entrance 𠄎 to the UIC-Halsted station 𠄎 on the Blue Line re-opened on June 26, 2001. It had been closed for construction since October 30, 2000. The entrance is now ADA-accessible to customers with disabilities.

The Morgan entrance 𠄎 at UIC-Halsted 𠄎 opened on September 24, 2000. Beginning in March 2001, we are reporting this entrance separately from the other two entrances at UIC-Halsted 𠄎. Between September and March, customers who entered at Morgan 𠄎 were included in the Halsted entrance's count.

Signal Work

In 2000, several stations on the Red Line were closed while signal work was being done in the subway. The signal work was done on Sunday mornings from midnight to 9 a.m., from January 16, 2000 through September 24, 2000.

Because of this, you may see an increase in Sunday ridership at the following Red Line stations:

North/Clybourn
Clark/Division
Chicago
Grand
Lake 𠄎

Washington 𠄎
Monroe
Jackson 𠄎
Harrison
Roosevelt 𠄎

Bus Reroutes

The #51 51st 𠄎 bus, which was rerouted during September 2000 and summer 2001, returned to its normal route. As a result, you will see an increase in ridership at 47th on the Red Line and a decrease at Garfield on the Red Line.

Due to road work on Austin Boulevard, the #91 Austin has been rerouted. As a result, you will see a decrease in ridership at Austin on the Green Line and an increase at Ridgeland.

Construction

The Jackson-Van Buren entrance 𠄎 to the Jackson station 𠄎 on the Red Line reopened at the end of June 2000 after being closed for renovation.

The Kedzie entrance 𠄎 to the Kedzie-Homan station 𠄎 on the Blue Line was closed for renovation during September 2000.

Extended Brown Line Service

In July 2000, the Brown Line began running downtown on weekends instead of stopping at Belmont. This affects all stations along the Brown Line.
